

China Energy & Environment Summit

中国能源环境高峰论坛

Invitation Letter

China Energy and Environment Summit 2014 (The 7th CEES)/Initial Release of the Blue Book 'Green Development, the Global Dream'

All specialists, scholars and organizations involved,

CEES, jointly sponsored by National Development and Reform Commission (NDRC) & its Department of Resource Conservation and Environment Protection, National Energy Administration (NEA) & its Department of New & Renewable Energy, University of International Business and Economics, the State Information Center ect., has been successfully held for six sessions since 2008. **Approved by the State Council in 2009, the Summit had been listed as the second Sub-Forum of the Global Think-tank Summit.** It was supported by the National Development and Reform Commission, the Ministry of Environmental Protection, the Ministry of Science and Technology, the National Energy Administration, the U.S. Department of Energy, the World Wide Fund for Nature, etc. Department of Resource Conservation and Environment Protection of NDRC, Department of New & Renewable Energy of NEA, University of International Business and Economics and the State Information Center jointly launched “Bai-Qian-Wan-Wan” Activity Plan of China Energy and Environment in October, 2012.

Over the course of seven years, notable figures including the former president of the Republic of India, Nobel Prize winners, leaders of global top 500 companies and international enterprises, and more than six hundred world's leading specialists including academicians of the Chinese Academy of Sciences and Chinese Academy of Engineering have been invited to attend the summit, and a series of innovations in green, cyclic and low-carbon development have been achieved. Through the reports of more than a hundred mainstream and central media including People's Daily, Xinhua News Agency and CCTV and other media, the Summit has provided ideas and suggestions for the State Council and China's energy, environment and climate

change authorities, which have proven invaluable to the green, cyclic and low-carbon development and air pollution control not only in China, but also in the whole world.

The summit is to be held in early November (due 8th and 9th for the moment) in Beijing as a way to further implement the decisions and arrangements of the Party Central Committee and the State Council on ecological civilization construction; green, cyclic and low-carbon development and air pollution prevention and control. **The Summit is jointly sponsored by China Energy and Environment Research Center, National Center for Climate Change Strategy and International Cooperation, NDRC, China-Beijing Environmental Exchange (CBEEEX) and China Economic Press**, co-sponsored by Lexus China, one of the global top 500 companies and other enterprises, supported by organizations including joint initiators of “Bai-Qian-Wan-Wan” Activity Plan of China Energy and Environment and Department of Climate Change, NDRC, and organized by Consulting (Beijing) Center of CEES.

Centered on “Green Development, the Global Dream”, the themes of urban ash haze control and hybrid electric vehicles; the green industry and enterprise development; and international cooperation on new green technologies will be the focus of this Summit. **The Hon. Speakers(senior experts) from NDRC, National Energy Administration, Ministry of Science and Technology, Ministry of Communications, MIIT, Ministry of Agriculture, the Theory Edition of People’s Daily, China Automotive Industry Association, Chinese Academy of Sciences and Chinese Academy of Engineering, as well as former political leaders from other countries and notable specialists both at home and abroad including Nobel Prize winners will be present at the Summit to discuss and give lectures on such topics.**

Meanwhile, ***Green Development, the Global Dream* (published by China Economic Press) will be released for the first time as the CEES Blue Book**, which includes important guest speakers in this and previous summits, cooperative partners, and outstanding achievements (classic cases, solutions, outstanding figures, product innovations and inspiring ideas concerning green development), etc.. ***On Green Development (Haze Elimination)*, another Blue Book, will be given a preview.** The Summit will bring into public view the outstanding achievements and products of 2014 in green development, demonstrate technologies of green and low-carbon

products and provide nationwide talent and personnel agent services for participating partners and key objects. More than sixty mainstream and central media will be providing global transmission.

It is our sincere wish that government officials, decision-makers, global investors, senior advisors and technical/financial experts concerned with the foresaid topics and activities will participate in the Summit and work together, and specialists concerned are welcome to contribute. As a whole, we will promote the development of CEES and the implementation of “Bai-Qian-Wan-Wan” Activity Plan of China Energy and Environment.

Time of the Summit: early November, 2014 (due 8th and 9th)

Time of result submission: by 21st October, 2014 (Essays, classic cases and inspiring ideas, etc. are all eligible)

Place: Three O'clock Conference Center of Xiedao International Exhibition Center in Beijing, China.
