

# China Energy & Environment Summit 中国能源环境高峰论坛

## The 10<sup>th</sup> (2017) China Energy & Environment Summit (CEES) Agenda (Round 2)

**Theme:** Green development and reform—market reform of oil & gas, coal control in China, electric power reform and power market construction at home and abroad, green technology, environmental improvement, the new “Bai-Qian-Wan-Wan” activity plan, green conception and a review of CEES over the past ten years and its prospect.

**Distinguished Guests:** about 100 famous experts, senior officials and industrialists

### I. Time and Venue

**Time:** 1<sup>st</sup>-2<sup>nd</sup>, December, 30th November

**Venue:** Lecture Hall of University of International Business and Economics/ Grand Millennium Beijing, China

**Hotels:** Huiqiao Hotel Beijing (diagonally opposite to the west gate of UIBE)  
Grand Millennium Beijing (No.7, Dongsanhuazhong Road, Chaoyang District)

### II. Organizations of CEES 2017

#### Sponsors:

China Energy and Environment Research Center;

The Urban and Small-Town Reform and Development Center (National Development and Reform Commission)

#### Supporting Organizations:

Editorial board of the blue book of CEES, including National Development and Reform Commission (NDRC), National Energy Administration (NEA), University of International Business and Economics (UIBE) and its Institute of International Economy, Xinhua News Agency.

#### Cooperators:

Xinjiang Dunhua Petroleum Technology Co., Ltd, China University of Petroleum, South China University of Technology; US Coal Control Project in China, the Texas electricity market.

#### Media:

More than 60 mainstream media, including People's Daily, CCTV, Economic Daily, Guangming Daily, China Energy News, China Environmental News, China Science and Technology News, People.com, Guangming net

#### Organizer:

Consulting (Beijing) Center of CEES

### III. Draft Agenda

<p><b>The 10th China Energy &amp; Environment Summit</b></p> <p><b>Time:</b> 1st-2nd , December, 30th November</p> <p><b>Venue:</b> International Lecture Hall of UIBE/ Grand Millennium Beijing</p>	
<p>29<sup>th</sup> Nov.-1<sup>st</sup> Dec. 9:00-20:00</p>	<p><b>Registration</b></p>
<p><b>Opening Ceremony</b></p> <p><b>Time:</b> 8:00am-12:00am, 1<sup>st</sup> December</p> <p><b>Venue:</b> International Lecture Hall, the Third floor of ChengXin building, UIBE</p>	
<p><b>8:00-8:30am</b></p>	<p>Communication among distinguished guests; group photo in the VIP Room of the International Lecture Hall</p>
<p><b>9:00-10:00am</b> <b>Moderator :</b> A leader of editorial board of the blue book of CEES</p>	<p><b>Opening Speech, A Review of CEES over the Past Ten Years and the Implementation of New “Bai-Qian-Wan-Wan” Activity</b></p> <p>1. Welcome speech will be delivered by Jiang Qingzhe, <i>Prof. &amp; Secretary-General of the Party Committee of UIBE; the Vice-Standing President of China Petroleum Enterprises Association</i></p> <p>2. Speeches will be delivered by departmental and ministerial leaders from national competent ministers and People’s Daily, etc. And distinguished guests from the past nine sessions (see attachment 1) will witness this huge event by their physical presence or presenting written speeches .</p> <p>3. Speech <i>A review of CEES over the past ten years and the prospect of the new “Bai-Qian-Wan-Wan” activity plan- Promote Green Development and Reform.</i> will be delivered by Lin Zhiqin, <i>Director of China Energy and Environment Research Center; Prof. of University of UIBE.</i></p>
<p><b>Tea Break</b></p>	<p><b>10:00-10:10</b></p>
<p><b>10:15-12:15</b> <b>Moderator :</b> A famous CCTV host and a leader of editorial board of the blue book of CEES</p>	<p><b>1. Setting up socialist concept of ecological civilization and accelerating the transformation of green low-carbon</b></p> <p><i>Xie Zhenhua, special representative of China Climate Change affairs, vice director of the Population Resources and Environment Committee of the CPPCC, former vice director of National Development and Reform Commission.</i></p> <p><b>2. Supporting green revolution of energy with green technological innovation system</b></p> <p><i>Wang Siqiang, director of Energy Conservation and Science and Technology Equipment Department of National Energy Bureau</i></p> <p><b>3. Speeding up the reform of ecological civilization system, promoting green development and coping with climate change</b></p> <p><i>Xie Ji, inspector of Climate Department of NDRC</i></p>

	<p>4. Li Qiming, <i>Vice Chairman and General Manager of Xinjiang Dunhua Oil Technology Co.Ltd.;</i> <i>Professor Level Senior Engineer</i></p> <p>5. Cooperation partners and international distinguished guests, etc.</p> <p style="text-align: center;"><b>CCTV China Entrepreneurship Model live interview program</b></p> <p style="text-align: center;"><b>Moderator:</b> A famous CCTV host</p> <p>CCTV 10 interviews and shoots the scene, scientists and industrialists holding the green technology, classic cases speak at the forum, communicate and show honors, achievements. Experts witness and comment the scene. Entrepreneurs, experts and scholars interaction with each other. With shots and subtitles, 30 –minute- long dialogue program is finally made, and CCTV10 broadcasts this program for a week.</p>
<p><b>12:15-13:20</b></p>	<p style="text-align: center;"><b>Lunch Gathering: Xinyuan VIP Room/Xinyuan VIP Private Room</b></p>
<p><b>Chinese Oil and Gas Market Reform under Energy Transformation</b></p> <p><b>Time:</b> 13:30am-17:00am, 1<sup>st</sup> December</p> <p><b>Venue:</b> International Lecture Hall, the Third floor of ChengXin building,UIBE</p>	
<p><b>Moderator:</b> A leader of editorial board of the blue book of CEES</p>	<p><b>I Report</b></p> <p><b>1. Reform Direction of Chinese Oil and Gas System</b> <i>Zhang Yuqing, Formal Deputy Director of the National Energy Administration</i></p> <p><b>2. Researches of Chinese Oil Refining and Chemical Industry Upgrading</b> <i>Jiang Qingzhe, Executive Vice President of the CPEA (Chinese Petroleum Enterprise Association), Party secretary, Professor, Doctoral Advisor of University of International Business and Economics</i></p> <p><b>3. Development Trend of Oil and Gas Industry under Global Energy Transformation</b> <i>Chen Weidong, Chief Economist at the Institute of Energy Economics of CNOOC(China National Offshore Oil Corporation)</i></p> <p><b>4. Thinking of the “Go Global” Strategy of Chinese Oil and Gas Companies under The Belt and Road Initiative</b> <i>Zeng Xingqiu, Former Chief Geologist at the Sinochem Group</i></p> <p><b>5. Development Status and Trend of Chinese Natural Gas Industry</b> <i>Qian Xingkun, Party secretary and Vice Dean at the Institute of Economic Technology of CNPC (China National Petroleum Corporation)</i></p> <p><b>6. Reform of Circulation System and Price of Chinese Oil</b> <i>Dong Xiucheng, Vice President of the CPCA (China Petroleum Circulation Association)</i></p> <p><b>7. Other Experts</b></p>
<p><b>Moderator:</b> <i>Dong</i></p>	<p><b>II Conversational Interaction: Keeping to the point, the above experts communicate with the host and interact with the audiences.</b></p>

Xiucheng	
<p><b>Sub-forum of Electricity Reform and Market Construction</b></p> <p><b>Collaboration:</b> South China University of Technology(SCUT), America Texas Electricity Market</p> <p><b>Time:</b> 8:30-17:00, December.2nd,2017</p> <p><b>Venue:</b>International Lecture Hall, the Third floor of ChengXin building,UIBE</p>	
	<p>Looking back and providing a forecast to the 20-year International electricity system reform and 2-year China electricity system reform , the lecture aims to make a big move to the international system reform and the constructive cooperation among Asia-pacific market, North American market, European market and Chinese market. The meeting will exchange and draw lessons from the experience, arguments and development trend of electricity system reform and market construction in America, China, Canada, German, France, Britain, Northern Europe, Australia, Mexico, Philippines, Brazil, Russia, Singapore and other countries. The seminar discussed the spot market construction, green energy consumption, green scheduling, medium-and long-term market and electric selling market.</p> <p><b>Part I</b></p> <p><b>1. Electricity Market Reform and Energy Services</b> WANG Dongrong , Director of National Electric Investment Group International Policy Research Office</p> <p><b>2. The Electricity Market Mechanism that is Suitable for New Energy Consumption</b> FENG Qingdong, Chief expert of the Energy Research Institute of State Grid Corporation of China (SGCC)</p> <p><b>3. The Policy Design and Risk Response of Electricity Market</b> WANG Peng , Director of the China Energy Policy Research Center of North China Electric Power University(NCEPU)</p> <p><b>4. The Reform Experience and Trend of Electricity Market in Guangdong Province</b> HU Jianjun, Vice President of the Management Science Research Institute of Guangdong Grid Co.</p> <p><b>5. The Reform Experience and Trend of Electricity Market in Yunnan Province</b> LI Qin, Chief engineer of Bureau of Energy in Yunnan Province</p> <p><b>6. The Electricity Market and Energy Storage Business Model</b> HU Zechun, Associate Professor of Department of Electrical Engineering in Tshinghua University</p> <p><b>7. Operating Practice and Risk Prevention of Electric Power Company</b> JIANG Keyi, Chairman of the board of Shenzhen Energy &amp; Sevices Co. Ltd.</p> <p><b>8. The Targeting Mode and Approach of China’s Electricity Market</b> CHEN Haoyong, Prof. &amp; Dean of the Institute of Power Economics and Electricity Market of SCUT</p>

	<p><b>PART II</b></p> <p><b>1. Two Decades of International and American Power Market Reform: Experience, Debates and Trend</b>  LI Yonggan, Independent Supervisor of American Texas Electricity Market ,and Senior Export of power market design, operation and supervision</p> <p><b>2. Two years of China’s Power Market Reform: Experience, Debates and Trend</b>  CHEN Haoyong, Prof. &amp; Dean of the Institute of Power Economics and Electricity Market of SCUT</p> <p><b>3. Review and Thinking about the European Power Market Reform</b>  MA Zhibo, European Marketing Manager of the National Grid in the UK, Leader of Seven Countries Joint Dispatch Center Project</p> <p><b>4. Australian Power System Reform and Market Construction, Supervision and Operation Experience</b>  LIU Dongsheng, Director Analyst of Australian Gas Light Energy Co., Ltd.</p> <p><b>Other topics to be discussed:</b></p> <p>5. Advantages and Disadvantages of Price Settlement and Node Settlement in Electricity Spot Market</p> <p>6. The Optimal Order of Electricity Market Construction: the Advantages and Disadvantages of One - step and Step - by - step</p> <p>7. The Risks and Response of Electricity Market Construction</p> <p>8. How can Market Design Minimize the Policy Distortion and Promote the Sustainable Development of Electric Industry?</p> <p>9. How should Electric Power Company Hedge against Risks in the Spot Market?</p> <p>10. How can New Energy and Traditional Energy Compete in the Electricity Market?</p> <p>11. The Basic Characteristics and Comparison of Advanced Electricity Market at Home and Abroad.</p>
<p><b>Activity related to The 10<sup>th</sup> China Energy and Environment Summit</b>  International seminar on the energy transition and control of coal consumption of China in 2017</p> <p><b>Time:</b> 9:00 – 17:50 November 30th, 2017</p> <p><b>Venue:</b> Grand Millennium Beijing</p>	
	<p><b>Guests: Nearly 50 renowned experts, superior officials and successful entrepreneurs from organizations including :</b> national People’s Congress, Energy Research Institute of National Development and Reform Commission, Chinese Academy for Environmental Planning of Minister of Environmental Protection, Chinese Academy of Engineering, China Coal Research Institute, Institute of Science and Development of Chinese Academy of Science, Institute for Urban and Environmental Studies of Chinese Academy of Social Sciences, Policy Research Bureau of China Banking Regulatory Commission, China Academy of Building Research, China Iron and Steel Industry Association,</p>

	<p>China Cement Association, Tsinghua University, North China Electric Power University, The Energy Foundation and World Wide Fund for Nature.</p> <p>Agenda:</p> <p><b>In the morning:</b></p> <p>The activities will include Commencement speech, speech on the seminar subject, speeches on the program of coal consumption control, the release of “Report on Comprehensive Control on the Use of Civil Bulk Coals in 2017”, round-table dialogue on “The Opportunities and Challenges for China’s Efforts to Realize the Goal of Coal Control in 2020”.</p> <p><b>In the afternoon:</b></p> <p><b>Part I:</b> Speeches and discussion will be on the enforcement of coal control in industries with high energy consumption and its transition and optimization and how China will reduce its carbon emission within the limitations set by the goal of 1.5°C and the effects of the reduction on China’s economy, society and environment. The topics will also cover the experience of supply-side structural reform in key industries and suggestions for the next step, effects of the temperature control goal and ways to reduce emission in key industries.</p> <p><b>Part II:</b> Speeches and discussion will be on provincial coal control, regional development and public health. Topics will also include plans for coal control at provincial level and their enforcement and synergy effects, provincial strategies for controlling the production and consumption of coal and developing energy. What’s more, the plan for urban coal and air pollution control in Beijing, Tianjin and Hebei will also be taken into discussion.</p>
December 2 <sup>nd</sup>	<p align="center"><b>Seminar on Green Technology Market application</b></p> <p><b>Time:</b> December 2<sup>nd</sup> 1:30-17:00     <b>Venue:</b> Administration Building of UIBE</p>
December 2 <sup>nd</sup>	<p align="center"><b>Seminar on Green (Chinese Medicine) Agriculture Innovation</b></p> <p><b>Time:</b> December 2<sup>nd</sup> 1:30-17:00     <b>Venue:</b> Administration Building of UIBE</p>
December 2 <sup>nd</sup>	<p align="center"><b>Seminar on Coordinated Development between Regions</b></p> <p><b>Time:</b> December 2<sup>nd</sup> 1:30-17:00     <b>Venue:</b> Administration Building of UIBE</p>

#### IV Participants

1. People who are working on green development, energy and resources, environment, ecological civilization, technology and education, including officials who are leaders of the central or regional departments, and scientific researchers from institutions of higher learning.
2. Leaders and experts from organizations, institutions and companies, both at home and abroad, that work in fields of green and energy efficient technology, air and soil pollution treatment technology, use of petroleum and gas and clean coal, refining industry, electricity saving, the spot market, medium and long term market and sale market of electricity, energy storage, green scheduling, clean energy and renewable energy, space solar energy, banking and investment and Financing.
3. China’s central media and other new media.

#### V Registration

Add: 10<sup>th</sup> Floor, Keyan Building, UIBE, No. 10, Huixin Dongjie, Chaoyang District;  
Beijing; 8<sup>th</sup> Floor, CCUD -NDRC, NO.5 East Sanlihe Rd, Xicheng District, Beijing,  
China

Attachment 1

**To-be-invited prestigious guests who have attended the summit before and are about to deliver public speech, or present written speech or be the witness in the 10th-year anniversary of the CESS**

**(Their names arranged in alphabetical order)**

*(CPPCC) and Minister of Science and Technology*

*FU Chengyu , Member of Standing Committee of CPPCP National Committee , Former Party Secretary and Former General Manager of China National Offshore Oil Corporation*

*LI Wuwei, Former Vice President of CPPCC*

*Resources and Environment Committee, the CPPCC National Committee; original deputy director of the NDRC*  
*SHAO Bingren, Former Deputy Director of Population Resources and Environment Committee, the CPPCC National Committee*

*WAN Gang ,Vice Chairman of the Chinese People’s Political Consultative Conference*

*WEI Jianguo , Vice chairman of China Center for International Economic Exchanges; Former Vice Minister of Commerce Ministry*

*XIE Zhenhua , Chinese minister for climate change negotiations; Deputy Director of Population*

*YIN Chengjie, Former Vice Minister of Ministry of Agriculture; President of China Agricultural Research Institute*

*ZHANG Guobao, Member of Standing Committee of CPPCC,P.R.C.; Former Vice Chairman of the National Development and Reform Commission (NDRC) ; Former Chairman of National Energy Administration (NEA)*

*ZHOU Shengxian, Deputy Director of Population Resources and Environment Committee, the CPPCC National Committee; Former Minister of Ministry of Environmental Protection*

*ZHU Zhiwen, Deputy Minister of Education; Former Secretary-General of the Party Committee of Xiamen University*

※※※

*CHEN Quan-shi, Professor of Tsinghua university; Director of Electric vehicles sub-committee, China Auto Standard Committee*

*GAO Shixian, Deputy Director & Researcher of Energy Research Institute of NDRC*

*GE Chang-Chun, Academician of Chinese Academy of Science; Prof. of Beijing Science and Technology University*

*GE Jing, Director of Editorial Department of China Economic Publishing House*

*GUO Jiaofeng, Deputy Director & Researcher, Resource and Environmental Policy Research Institution of DRC (Development Research Center of the State Council)*

*HAN Wenke, Member of core group in the National Coal Control Project; Former President of Energy Institute of NDRC*

*HE Bingguang, Director of Major Project Inspector 's Office , NDRC; Former Director-General Of Department of Resource Conservation and Environment Protection , NDRC*

*HE Zuoma, Academician of Chinese Academy of Science; Researcher of Theoretical Physics Insitutes of Chinese Academy of Science*

*HUANG Xiaozeng, Deputy Director of Pollution control department, the Chinese Ministry of Environmental Protection*

*JI Xiaonan, Chairman of the Supervisory Board for Key Large State-owned Enterprises*

*JIA Chengzao, Academician of Chinese Academy of Sciences; Former Feputy President of China National Petroleum Co.*

*JIANG Liping, Vice President & Senior Engineer of the State Grid Energy Research Institute*

*JIANG Qingzhe, Prof. & Secretary-General of the Party Committee of UIBE; the Vice-Standing President of China Petroleum Enterprises Association*

*LI Jun-Feng , Former Director of National Center for Climate Change strategy and international Cooperation, NDRC*

*LI kai, Former Deputy director of the State Information Center who enjoys the State Council Special Allowance*

*LI Ming , Prof. & Vice Dean of Chinese Academy of Space Technology*

*LI Nuyun, Former Deputy director of Climate office; Executive vice President of China Green Carbon Foundation*

*LI Tie , Prof. & Former chairman of the council, China Center for Urban Development, NDRC;*

*LIN Guijun, Prof. & Vice President, University of International Business and Economics*

*LIU Fang, Prof., Vice -SG of CEES ; Executive chairman of Sub-Forum , China Energy and Environment Summit;*

*LIU Guangxi, Director of Financial Services Office in Yunnan Province; Former Chief Secretary for the Department of Science and Technology in State Administration of Foreign Exchange*

*LIU Guoyin, Vice President of Shuangliang Corporation in Jiangsu Province*

*LONG Minnan, Dean of Fujian Vocational College of Bio-engineering; Former Deputy Dean of the Energy Research Institute of Xiamen University*

*LU Jichuan, Prof.& Deputy Dean of the Research Institute of Chinese Academy of Management Science*

*LU Kui, Chairman of Board of Shanghai Jingyu Environment Project Co. Ltd*

*LV Wenbin , Deputy Director of Investment Department of NDRC; Former Director of Resource Conservation and Environment Protection Department of NDRC*

*MA Hongwei, Vice Director of Theory Department of People's Daily*

*MA Zhigang, Chief editor of Theory weekly of Economic Daily News*

*QI Zhixin, Director of the Department of Energy Conservation and Sci-tech Equipment of National Energy Administration*

*SANG Baichuan, Prof. and Dean of Research Institute of International Economics, University of International Business and Economics*

*SHI Jianjun, Prof. & Former President of UIBE*

*SHI Lishan , Deputy Director-general of Nuclear Power Department , Deputy Director- general, Department of New Energy and Renewable Energy, NEA*

*SONG Shien, Director of Energy and Career Department of Xinhua net*
